Niels Brock

To whom it may concern

I am pleased to inform you that Copenhagen Business College Niels Brock is an officially recognized upper secondary school offering Danish upper secondary education within business, administration and leadership. The Upper secondary programs are organized according to Danish legislation and the school is financed by the Danish Ministry of Education and the ministry's quality assurance scheme.

I am informed that Niels Brock operates as an international school in Denmark as well as in several countries. Among others, Niels Brock offers a Bachelor of Science in Business Administration in China and Vietnam. The program is accredited by the American Accreditation Council of Independent Colleges and Schools (ACICS) as an American study program.

The American degree can be recognized in Denmark according to Danish legislation on recognition of foreign qualifications. The Danish Agency for Agency for Science and Higher Education is responsible for recognition of foreign qualifications in Denmark, and the Agency has confirmed to me that the Niels Brock Copenhagen business College's Bachelor of Science in Business Administration offered in Denmark, China and Vietnam is recognized in Denmark as comparable to a Danish Bachelor's Degree within Business Administration.

Yours sincerely
