**Subject: Extension of Current Grant of Accreditation**

Dear Ms. Eskildsen:

In May 2020, ACICS rescheduled all onsite evaluation visits scheduled for the Spring Cycle (May/June) to the Fall Cycle (August/September/October). Most recently, institutions were notified that visits scheduled for the Fall Cycle would be conducted virtually, given the extraordinary circumstances surrounding the current pandemic as well as travel restrictions in place. However, due to cultural as well as scheduling challenges of remote visits to institutions located outside of the U.S., ACICS will not be conducting virtual visits to such institutions this upcoming fall cycle.

Therefore, at its August 2020 meeting, the Council acted to extend the institution's grant of accreditation from December 31, 2020 to **December 31, 2021**. A separate letter will detail the institution's responsibilities in applying for a renewal of accreditation.

The institution is expected to demonstrate ongoing compliance with the *Accreditation Criteria*, including, but not limited to, timely submission of all required reports, such as the Campus Accountability Report, Annual Financial Report, Monthly Placement Data, and payment of all applicable fees. ACICS, at its discretion, may require additional monitoring or reporting from the institution in the event that any concerns regarding ongoing operations call into question the institution's continued compliance.

In the interim, we trust that your ongoing efforts to ensure the best interests of your students in their educational pursuits will be foremost in your daily activities. If you have any questions, please contact Ms. Karly Zeigler, Director of Accreditation, at [kzeigler@acics.org](mailto:kzeigler@acics.org).

Sincerely,

  
Michelle Edwards  
President and CEO
