Our MBA is an exciting one and a half year programme focusing on employability and enhancing your abilities, that will help develop your analytical and numerical skills for critical evaluation and critical appraisal, problem identification and problem-solving skills as well as effective interpersonal and team-building skills.

Whether your career objective is to start your own business, enhance your employability or progress within your current career, our MBA programme is designed to equip students with the fundamental management knowledge, practical skills, networks, and confidence needed to become a leader and a competent professional. The programme enables you to gain a comprehensive understanding of business across key functions such as leadership, strategic management, marketing, and finance, all while exploring emerging trends such as sustainability matters, cross-cultural management etc.

Beyond your academic opportunities, we place employability at the core of our offering. Our diverse cohort of staff and students presents further opportunities to enhance key qualities expected of leaders, such as cross-cultural awareness, international perspective, and valuable connections.

Learning Outcomes:

- Critically evaluate and adapt to a wide range of Business and Management issues within a global context.
- Develop and demonstrate a high level of analytical, critical communication and presentational skills appropriate to postgraduate study in the context of the workplace.
- Using advanced scholarship to build-up-on specialist knowledge and skills relating to the broad business themes within a global context to produce a research project.
- Enhance and apply transferable skills in-line with industry standards and chosen field of employment.
- Develop ethical decision-making with an appreciation and understanding of corporate social responsibilities, while being adaptable to change in a business context.
- Develop and apply values, skills, knowledge and behaviours that will enable you to contribute to the development of a just, peaceful and sustainable world.
